NORDIC TIMBERS

SUPPLIES & INSTALLS

Heritage Timber Faux Wood Beams

In-stock and fast shipping

Authentic Wood Textures

Our beams are manufactured using a silicone mold made from real wood timbers, ensuring crisp, authentic detail in every beam.

Lightweight

Heritage Beams are manufactured using a durable, yet lightweight polyurethane material, making them easy for anyone to install.

Fast Shipping

Heritage Timber Beams are kept in stock, allowing for quick shipping while still offering a wide range of customization.
